Puppy Questionnaire

About Us

This questionnaire is for us to get to know you a little better. Each puppy is different, and we want to find a good fit between our puppies and buyers. We hope that we will have a puppy for you in our upcoming litter, but until they are born and we can watch them develop, we won't know for sure. It all depends on genders/colors born and which puppies are show prospects vs. pet/performance puppies.

Our puppies have their tails docked and dewclaws removed at 2-4 days of age. The puppies are handled and socialized daily starting at birth and we use the Early Neurological Stimulation method and follow many Avidog recommendations of raising pups. At 7 weeks of age we take our puppies to an ophthalmologist for eye exams. After eye exams, we have another breeder do a litter evaluation for us. Then we start making decisions on which puppies will be going where, which happens at 7 ½ - 8 weeks of age, after they have been checked over by a veterinarian. We will notify you when the puppies are born, and start accepting deposits based on how many puppies there are. We keep in close contact with you during the 8 weeks as they develop. We keep our website updated, and you can like our Facebook page, Larkwood Australian Shepherds to see more candid pictures and videos.

Our girls will all have their hips & elbow OFA's before breeding. Their eyes will be cleared by CERF within a year of the breeding. The girls will also have their DNA tests completed as well as MDR1 (drug sensitivity) and HSF4 (hereditary cataracts) genetic testing completed before breeding. At minimum the males we breed to will have hip & elbow OFA's, DNA testing and CERF exams completed, but usually even more.

Litter information

Sire: GCH AKC/ASCA CH Runway Private Eye "Grimm"

Dam: ASCA CH Larkwood Heaven South BCAT TKN NTD DNA-VP "Olivia"

Planned for: Spring 2023

Pet/Performance puppies on spay/neuter contract: \$1800.00

How did you hear about us? (Referral, internet, breeder, etc)

Who lives in your home? First names and ages please.

Do you own or rent your home? If you rent, are pets allowed?

Do you have a fenced yard? If not, how do you plan to exercise your puppy/dog?

Do you own any other dogs? Please list breed, age & if spayed/neutered.

Do you own any other pets? Livestock?

Have you ever owned an Australian Shepherd before?

What interests you with this breed?

What type of activity level are you looking for in your dog?
Quiet, Medium Drive or Very Active?

Do you have a gender preference?

Do you have a color preference? (This litter will be all black tri)

Would you consider a puppy of a different gender if your preference is not available?

Do you plan to participate in any of the following activities with your Aussie?
Conformation, Agility, Rally, Obedience, Herding, Tracking, Therapy, Flyball

Are you willing to have your Aussie spayed/neutered?

For health reasons, are you willing to wait to have them spayed/neutered until they are 12 - 18 months?

Have you ever returned a dog to a breeder, given a dog to a friend, shelter, rescue, etc? If so, please explain.

Where will the dog primarily spend its days and nights (once past the puppy stage).

Please provide your Veterinarian's contact information if you currently have a dog/cat.

Please provide at least one other reference (not family) with contact information.
